OUR SERVICES
The Center is among the few institutional facilities in the country that offer comprehensive orthotic and prosthetic services to clients, including:

• Consultation, evaluation, design, fabrication and fitting of custom orthotic and prosthetic devices
• Custom fit and off-the-shelf orthotic and prosthetic devices
• Full range of soft goods, stockings, lymphedema garments and post-mastectomy items
• Orthotic devices from head-to-toe, ranging from head-shaping helmets for infants and translucent face masks to spinal and extremity orthoses and custom-made shoes
• State-of-the-art components and materials

Prescriptions are required for most of our orthotics and prosthetics services.

OUR TEAM
The University of Michigan Health System Orthotics and Prosthetics Center brings together a team of experts in orthotics, prosthetics and pedorthics as well as therapists and physicians in Physical Medicine and Rehabilitation. This collaborative care approach is at the core of the University of Michigan’s superior care.

The team’s mission is to give patients the latest in health care expertise and technology. Because of our team approach our Center is able to offer up-to-date comprehensive care to help improve the lives of patients and their families.

Our practitioners, technicians and facilities are accredited by the American Board for Certification in Orthotics and Prosthetics (ABC).

OUR ACCESS
Our Centers offer services in two conveniently located facilities. Our Ann Arbor location is an all-inclusive facility offering our full range of services including fabrication. Located just minutes from I-94 and U.S. 23, it offers easy access and free parking. Our Northville location is at the corner of 7 Mile and Haggerty Roads, at the U-M Northville Health Center. Both facilities offer free parking. Call ahead if you would like wheelchair support.

FOR AN APPOINTMENT
734-973-2400
8 a.m. to 5 p.m., Monday through Friday
